STAT

George

On this case, I strongly concur that it should not be handled by trying to make it conform to our bureaucratic procedure for contract employees. I endorse the request for the one-time payment.

At the same time, you are on the right track in asking DDO to develop guidelines for dealing with disposition cases. You have listed several appropriate guidelines in your 18 April memo. It is sound management practice to promulgate the guidelines by which such cases will be judged. Suggest that this time you have DDCI sign note to DDO requesting this when you get him to concur on this case.
